## Education

**Griffith University - Gold Coast, QLD**
*Graduated 2022*
Bachelor of Design, major in Product Design

**Griffith College - Gold Coast, QLD**
*Graduated 2019*
Certificate of Design

## Tools

| *Design + Prototyping* | *Coding* | *Adobe Suite* |
| --- | --- | --- |
| Figma - creating design systems, presentations, wireframes, prototypes, animations | HTML + CSS | Illustrator |
| | Basic Javascript | Photoshop |
| | Basic Python | After Effects |
| | SQLite | Premiere Pro |
| | Flask | |
| | Jinja | |

## Extracurricular

**Harvard's CS50x + CS50w**
*Ongoing*
Taking Harvard's online Introduction to Computer Science
and Web Programming with Python and JavaScript courses
to learn how to build and deploy web applications to better test
my designs and gain feedback on iterations.

**The Designership - Figma and UI Masterclass**
*Completed*
Learned project management within Figma, How to create
and manage design systems, responsive design techniques,
creating and modifying components, running a design implementation
walkthrough, preparing and documenting design files for developers,
Figma smart animations.

**The Designership - Practical User Research and Strategy**
*Completed*
Learned how to take a project from an idea to an actionable
strategy through user research and discovery using methods such as:
Defining research objectives and hypotheses, user interviews and surveys,
affinity mapping, persona building, customer journey mapping,
competitor analysis, building a foundational report and project brief.
